

Abidi Mohamed

Full Stack Js Developer

Hello, I'm Mohamed

As a highly skilled and experienced MERN stack developer with over 4 years of professional experience, I am proficient in building efficient and scalable web applications using JavaScript, MongoDB, Express, React, and NodeJS. In addition to my technical expertise, I have experience as both an instructor and an edtech lead, where I have utilized my strong communication and problem-solving skills to design and develop innovative educational technology solutions and mentor teams of instructors. I am a highly motivated and results-driven individual, with a proven track record of delivering successful projects on time and within budget. I am seeking a new opportunity where I can continue to grow my skills and make a positive impact in the field of education technology.

EXPERIENCE

**FREELANCE
WEB DEVELOPER**
Oct 2022 - Now

Freelancer , Upwork & Some Tunisian Clients

Experienced freelance web developer with a strong background in ReactJS and NodeJS, Proven track record of delivering high-quality solutions on time and within budget

**INTERN
WEB DEVELOPER**
Apr 2022 - Jun 2022

OPK4 I Rennes, France (online)

I had the opportunity to intern with OPK4, a French web development agency. During my internship, I worked on a project to update the interface of an application using the latest ReactJS technology. I was responsible for implementing the new design and features, as well as testing and debugging the application

**INTERN
WEB DEVELOPER**
Jan 2022 - Feb 2022

Tupify I Sfax

I assisted in the development of custom websites for clients, working closely with the team to ensure that projects were delivered on time and met the client's requirements. I was responsible for implementing front-end features using React js

**FIVEM
DEVELOPER**
Jan 2020 - Aug 2021

Tunisian Hoods I Sfax

I have extensive skills in creating custom scripts and enhancing gameplay for players. In my work on the Tunisian Hoods server, I have demonstrated my ability to design and implement innovative solutions for multiplayer games. I am committed to delivering high-quality and engaging content

**EDTECH
LEAD INSTRUCTOR**
Jun 2019 - Sep 2020

GoMyCode I Sfax

As a team leader, I was responsible for managing a group of instructors, overseeing the content of their tasks, maintaining positive relationships with students, and addressing any issues related to the platform. I also organized stand-up meetings with students to ensure that their needs and concerns were being addressed

**FULL TIME WEB
INSTRUCTOR**
May 2019 - Sep 2019

GoMyCode I Sfax

I taught programming web applications using technologies such as HTML, CSS, JavaScript, ReactJS, NodeJS, ExpressJS, and MongoDB. I used an innovative and effective teaching method to ensure that my students had a deep understanding of the material. As a result of my dedication and effective teaching style, all of my students achieved the highest results in the school

EDUCATION

**ISSET
SFAX**
Sep 2021 - Now

2nd year Bachelor in Computer Technology

To complete my education and specialize in the fields of software engineering and artificial intelligence, I am currently studying computer technologies

**SOLO LEARN
COURSES**
Sep 2020 - Now

+20 sololearn courses

In order to stay current and continue developing my skills, I have undertaken a self-study program in programming, with a focus on web development. I am committed to staying up-to-date with the latest technologies and best practices in the field
